

## VOCATIONAL TRIP TO NATIONAL HANDLOOM AND HANDICRAFT MUSEUM

5th March 2016

Citizen Empowerment Department facilitated the trip of vocational batch to National Handloom and Handicraft Museum. All the women and adolescent girls found the visit very interesting and full of learning experience. Apart from the museum the vocational batch went to village complex, handicraft shops and enjoyed the folk songs. A documentary on making of Kani shawls was also screened.

After that, an interaction also took place in the audio visual room between the staff members and the vocational batch. From the museum the vocational batch was taken to Indraprastha Park for couple of hours for recreation. It was good to see the level of excitement and curiosity in the students of vocational training.

We wish to explore more creative places in coming years. It was a new and worth spending time in the national handloom and handicraft museum.
