

Lab exhibits for Science Carnival		
29th August, Tuesday		
Physics	Chemistry	Biology
1) Magnetic Swing	Home Security system	Organ display
2) Hydraulic rocket launcher + Hydraulic Lift	Barometer	Blood test
3) Earthquake alarm	Anti Sleep Alarm	Hydroponics
4) Water level analyzer	Chemical Speed Breaker	Sci Gen Z
5) Electromagnetic city	Electroscope	Alcohol sensor
6) Anti Sleep alarm	Infinity Mirror	Hologram
7) Bio plastic	Burglar alarm	Sustainability
31st August, Thursday		
Physics	Chemistry	Biology
1) Infinity mirror	Sewer System	Bio plastic
2) Automatic Street light	Electro box	Blood test
3) Sensor based footwear and goggles	Preparation of golden rain	Pacemaker
4) Magnetic Swing	Chemical Speed Breaker	Drosophila
	Preparation of acetylene gas	Lie detector
	Generation of rayon fibre	Clinistat
1st September , Friday		
Physics	Chemistry	Biology
1) Barton's Pendulum	Structured water	Colour range of aerated drink
2) App based location tracker of asteroid	Fluorescent dye formation	Lie detector
3) Generating electricity using electromagnet		Sustainability
4) Hydroelectricity	Preparation of acetylene gas	Ayurvedic cosmetic product
5) Solar panel	Preparation of golden rain	Home based wine preparation
Auditorium Exhibits		
1	Reflex analysis	
2	Foot analysis	
3	Brain gym	
4	Colour blindness	
5	Optical illusions	
6	Spirometry	
7	Memory analysis in Hamster	
Exhibits of Japan Projects
