

HUNGER PROJECT

On 1st December 2018, the children of class 7 A had their hunger project. There were five leaders chosen for the listing and preparation of food. They were Bhargavi Dwivedi, Tejaswini Singh, Ananya Anilkumar, Garima Mishra and Siya Malotra.

On 25th November 2018 the leaders went to Chandran sir and sir gave us the list of the material to be brought and our class teacher Mrs. Archana Kulshreshtha divided the bringing material among us.

Our classmates contributed a lot and brought good quality material.

By 27th November 2018 all the material had been collected.

On 30th November 2018 those five children went in the kitchen for some necessary arrangements.

On Saturday we came to school at 7:30 am from that time itself we started making kichadi, sir gave us all some or the other work to do.

We made the kichadi and our class teacher Archana ma'am took so many picture in there.

And we asked our principal Dr Annie Koshi to taste the food finally made by us she told us it was amazing.

We sat in the bus and had a good time talking with our friends.

We had two teachers accompanying us Archana ma'am and Sambhavi ma'am which was a pleasure for us. We went to khanna market and distributed the food among them.

We also shared the food with our new friends there.

They said “we are from Rajasthan and we are living here since 10 years, sometimes we suffer from thirst and hunger also. “

The best thing was that when I asked them “that do you send girls also to the school” they said “yes”, I was very happy hearing this that they don’t discriminate among girls and boys.

After talking to them we went to Aiims and distributed the food among the poor there as well.

But we were not able to distribute it to all of them and we were not even able to talk to them as they were in a huge hurry.

After all of this we came back.

I want to thank our class teacher Archana ma'am, Sambhavi ma'am ,our cooking teacher chandran sir, the five leaders Bhargavi , Tejaswini ,Ananya ,Garima and Siya and a special thanks to our class 7th a for a great contribution .

Class 7 A had a very good time and enjoyed a lot over there. Thank you Koshi ma'am for giving us this great opportunity.
