

## Class XI-A Hunger Project

Class XI-A started the Hunger Project on 18th April, 2015 for the year 2015-16. This time we cooked Kadhi Chaawal as our meal to be served for the needy. It was an interesting experience to see an active participation of boys in the process. The boys were active in cooking, churning curd, washing rice, making kadhi pakoras while the girls took the front seat in distributing food. We distributed food to Rajnagar Dharamshala which comprises of dying patients with diseases at severe level. Food was also served to Perna Home- Home for homeless behind Safdarjung airport. It was a learning experience as to see that in-spite of Right to food, everybody doesn't have access to nutritious food.

The Citizen Empowerment Dept. plans to increase the frequency of the project by trying to do it weekly
