

**“EVERYONE YOU WILL EVER MEET KNOWS SOMETHING
YOU DON’T.”**

- BILL NYE

To learn something new and to experience the state of Tamil Nadu, Anusri’s mother (parent of Class III-C) was invited for an interactive session. Children were briefed about various aspects of the state (location, neighbouring states, 32 districts, state bird, animal, former chief minister-mid day meal, language, dances, festivals etc.) through a power-point presentation. Children also learnt 2 words in Tamil language:

Namaste - Vanakkam and Thankyou - Nanri

Keen listening and active participation by the students made the session interactive. Children contributed enthusiastically in the discussion by asking and answering questions.

The session left a positive impact on the minds of these passionate students and further generated curiosity in them to know more about the rich culture of Tamil Nadu.
