

MIDDLE SCHOOL REPORT

NOVEMBER 2018

CHILDREN'S DAY ASSEMBLY

CHILDRENS' DAY ASSEMBLY

It was a day full of surprises for the kids!!! They had never seen their teachers grooving on peppy dance numbers and they loved every bit of it. It started with a regular assembly conducted by teachers and then it moved on to a flamboyant ramp walk. The teachers even sang a melody of songs and the students were simply spellbound by their performance. The day was indeed a pleasant change for the children and they were so grateful to their teachers for making the day special for them.

SOCIAL SKILL GROUP

YOUNG SUPER STARS

Communication and togetherness does help to overcome everyday and even bigger challenges of life. The social skill group meets once in a week to discuss issues faced by students on a day to day basis and they try to offer, solutions to each others problems. This week they also tried to compose a song and presented it before the class.

SELF DEFENCE TRAINING

In order to celebrate UN International day, to end violence against women the school conducted a self-defense training programme for 10 days. The programme also had girls from the vocational training group and some people from the nearby community. The training was facilitated by the trainers from the Special Police Unit for Women and Children. The objective of the programme was to instill confidence, discipline and techniques of self defense.

SOCIAL WORK CLUB

FARMERS PROTEST

A group of eight students from the Social work group, accompanied by two teachers joined in the “Nation For Farmers” protest march. Students carried banners expressing solidarity with the farmers, who shared their individual stories of hardships which they had gone through. Through this interaction the students were exposed to issues of deeper

agricultural crisis that exist in our country. Students tried to understand the reasons for farmer suicides, starvation, migration to metropolitan cities, growing unemployment and the water crisis that prevails in our country.

SUBJECT RELATED ACTIVITIES

रहीम के दोहे

कक्षा सातवीं 'ब' के छात्रों के लिए पाठ 'रहीम के दोहे' के आधार पर 'दोहा गायन प्रतियोगिता' का आयोजन किया गया। जिसके अंतर्गत छात्रों ने विविध संत कवियों (रहीम, कबीर, मीरा बाई, सूरदास आदि) के दोहे याद कर कक्षा में सुनाए।

Group Presentation on Charlie and the Chocolate Factory

Students of class V
were divided into

groups and were given different chapters for the role play activity. Students were dressed up as characters, narrated their part of the plot and even answered questions that were posed by the audience. All of them thoroughly enjoyed working in groups.

BISEXUAL DISSECTION OF A FLOWER

Students of class 6 explored different parts of a flower, as a part of hands on activity from the chapter, “Getting to know plants”.

Students tried their hands on dissecting bisexual flowers like Hibiscus and Lily. This was their first experience with apparatus used for dissection.

PUZZLE

Class 7-D did a puzzle on fractions, decimals and percentage.

One side of the triangle had questions and the other sides had answers. Students calculated and attached the sides of different triangles together.

CLASSIFICATION OF LEAVES

Class sixth got the opportunity to trace and identify different types of leaves. This activity was conducted with the motive of making the different types of venations clear to the students. Through this activity students classified plants as Monocot and Dicot.

कक्षा सातवीं के छात्रों ने चिड़िया की बच्ची पाठ के विभिन्न आयामों पर सामूहिक चर्चा की। छात्रों के

प्रत्येक समूह को विभिन्न विषय दिए गए। उन्होंने अपने समूह में चर्चा- की तथा कक्षा के सम्मुख अपने विचारों को प्रस्तुत किया। जिसके माध्यम से छात्रों ने पाठ का

गहराई से समझा।

SCINGOLI

Class 5 students tried their hands at Scingoli. Students created different scientific concepts like water, green earth, germination, digestive system, amoeba etc by using waste materials as well as rangoli colours in the auditorium as a preliminary round for the middle school science carnival.

Getting to know plants

Students of class 6-B demonstrated a hands on activity on the topic, “Getting to know Plants”. Activities like ascent of sap, identification of plants from leaf venation etc. were performed in the class.

GEO CITY

Mathematics Model making was conducted for class V on GEOCITY, which is made up of geometrical shapes with basic (or more) amenities required in a city. All students participated enthusiastically and came out with excellent ideas which led to a brilliant display of architectural excellence.

अंतर्कक्षीय कविता
वाचन प्रतियोगिता
कक्षा-5,6

संस्कृत श्लोक वाचन
प्रतियोगिता

संस्कृत श्लोक वाचन व गायन प्रतियोगिता

विगत-सप्ताह संस्कृत विभाग की ओर से श्लोक वाचन व गायन प्रतियोगिता का आयोजन किया गया जिसमें कक्षा सातवीं एवं आठवीं के छात्र-छात्राओं ने बहुत ही उत्साह से भाग लिया। कार्य क्रम का संचालन श्रीमती जयत्री के देखरेख में सम्पन्न हुआ। छात्र-छात्राओं ने श्लोकों को गानों के धुन में गाकर निर्णायकों को मंत्रमुग्ध कर दिया।

हिंदी वाचन व गायन प्रतियोगिता

विगत-सप्ताह हिंदी विभाग की ओर से कविता वाचन व गायन प्रतियोगिता का आयोजन किया गया जिसमें कक्षा पांचवी एवं छठी के छात्र-छात्राओं ने बहुत ही उत्साह से भाग लिया। छात्र-छात्राओं ने कविता को पूरे हाव भाव के साथ समूह में प्रस्तुत किया।

OUTSTATION TRIPS

CLASS V TRIP TO GWALIOR

The students of class 5 went for an excursion to Gwalior. Gwalior is a place of many architectural and historical marvels such as the Gwalior Fort, the Sun Temple, the Tansen Memorial and museums. They paid a visit to all of them. The students bonded well with each other and also learnt to look after themselves and their peers, in the absence of their parents.

CLASS VI

Students of class 6 went for an excursion to Jim Corbett National Park. 58 students were accompanied by 6 teachers. They went for a safari, where they saw a ferocious tiger which is a rare sight. Our students felt that this was one of the best trips that they had ever gone for.
