

WREATH

The junior school discussed the importance and significance of a wreath and then went on to create one for their classes and hung it on their class doors.

Wreath is a piece of decoration used for Christmas celebrations. It is an arrangement of flowers and leaves in a circular shape. The green colour in the wreath signifies everlasting life, while the red represents the blood of Lord Jesus Christ. It is hung on the door as a sign of welcome. It is hung on the first Sunday of Advent, that is preparation for Christmas in December.
